

It's Easy to Make
Lasting Impressions Every Day

**LET YOUR CONFIDENCE SHINE THROUGH
WITH A WHITER SMILE**

ez·whiteTM PRO
IN-OFFICE WHITENING SYSTEM

For the Moments That Matter Most

NOW, THERE'S AN EASY WAY TO WHITEN YOUR TEETH

AND BOOST YOUR
CONFIDENCE IN AS LITTLE
AS **30** MINUTES

EZ White™ Pro In-Office Teeth Whitening System works differently than other professional whitening treatments. It uses an innovative, light-activated technology that takes as little as 30 minutes to brighten your smile up to 8 shades whiter, with little to no sensitivity.

ENVISION YOURSELF WITH A WHITER SMILE

Before treatment
with EZ White™ Pro

After treatment:
Immediate results up
to 8 shades whiter

IS EZ WHITE™ PRO RIGHT FOR YOU?

1 What is EZ White™ Pro?

It's an innovative teeth-whitening treatment administered by your dentist. In as little as 30 minutes and with little to no sensitivity, your teeth could be up to 8 shades whiter.

2 How long does it take?

EZ White™ Pro is performed by your dentist in as little as 30 minutes. Results are instant and no follow-up visit is required.

3 Is teeth whitening safe?

Yes. Whitening with approved hydrogen peroxide and carbamide peroxide products has been proven safe through extensive research. Your dentist can provide you with the safety information associated with EZ White™ Pro.

4 Why should I have my dentist whiten my teeth?

Only your dentist has the professional whitening experience to quickly and safely achieve deeper, longer-lasting results. Over-the-counter (OTC) products, like toothpastes and strips, are minimally effective in removing surface stains.

5 Does EZ White™ Pro cause tooth sensitivity?

EZ White™ Pro effectively whitens teeth with minimal to no tooth sensitivity because it uses a unique, light-activated technology to rapidly whiten teeth and minimize pain.

6 How long will my results last?

Results depend on many factors including tooth structure, personal habits, physical health, and oral hygiene. To maintain whitening results, consult with your dentist.

EXPERIENCE THE EZ WHITE™ PRO DIFFERENCE

- Results in as little as 30 minutes
- Little to no sensitivity
- Teeth up to 8 shades whiter
